REMARKS

The Notice of Non-Compliant Amendment alleged that the amendment to the specification and claims filed December 21, 2006 was not easily readable and requested that the amendments be resubmitted. The foregoing amendment to the specification and claims is submitted to address the Examiner's claim that the previously filed amendment was not easily readable.

The amendment filed December 21, 2006 included replacement drawings and remarks directed to the substance of the Office Action mailed September 22, 2006. Since the amendment filed December 21, 2006 was a non-final amendment, only the corrected sections, *i.e.* amendments to the specification, abstract and claims, are included herein.

The Examiner is invited and encouraged to contact the undersigned attorney of record at (404) 685-6799 if such contact will facilitate a Notice of Allowance.

Respectfully submitted,
